

INTERNATIONAL GUARANTEE

If during a period of 24 months from the date of purchase your watch becomes defective due to faulty materials or workmanship we guarantee to replace free of charge the defective part providing:

1. The watch has not been damaged due to accident, misuse, wear and tear, neglect or damage caused during transit to and from the purchaser.
2. Repairs are only carried out by accredited Rotary agents using the correct spare parts.
3. That a correctly completed guarantee or proof of is provided. Failure to enclose could result in a charge being made.
4. The guarantee does not apply to leather straps or glasses.
5. Guarantees which have been altered, falsified or tampered with will not be honoured.

If the problem is not covered by warranty or if your warranty has expired, charges apply. Free estimates given on chargeable repairs.

Watch Functions

When making adjustments to your watch, it is advisable to take it off your wrist.

Setting the time: Check if the watch is "Dolphin Standard". If it is, please refer to page 14. If it is not, please follow the instructions below. If you don't know, please check on the case back for the words Dolphin Standard.

Pull out the button and rotate the hands until the correct time is shown. Remember to push the button fully home.

Setting the date: Pull out the button one notch, rotate the date, or rotate the hands clockwise until the correct date is shown.

Setting the day and date: Pull out the button one notch, rotate forwards to change day and backwards to change date.

Nickel Compliance

All Rotary watches conform to the EEC directive on Nickel content.
